How to Use:	This section contains file attachment. File Name: Weed'n'Feed Granular HtU 0516.doc File Size: 31232 bytes
How to Prepare:	HOW TO APPLY Measure lawn area before application. Calculate the amount of Yates Weed 'n' Feed Granular required. Apply Yates Weed 'n' Feed dry onto moist grass when weather is fine. Leave it on for 2 days, then water thoroughly.

Your lawn will turn black for a few days, but will recover to its normal state.
Apply in still conditions.
Spread evenly and accurately.
The use of a fertiliser spreader may assist in achieving even application over larger lawn areas. Repeat applications at six weekly intervals to maintain a lush weed-free lawn.

Precautions:

CAUTION: DO NOT allow material to spill or blow onto hard surfaces or non-lawn surfaces. Dry sweep immediately. For the first few days after application avoid walking from the treated areas onto concrete or any non-lawn surface area as heavy staining may occur. Keep pets and children off treated areas until product has been watered in. DO NOT breathe dust. Avoid contact with skin and eyes.

To prevent staining during handling, avoid contact with clothes and wear gloves.

DO NOT allow chemical or chemical containers to get into drains, sewers, streams or ponds.

Storage and Disposal:

Store in the closed original container in a cool dry place out of reach of children and pets. Do not store in direct sunlight. Dispose of empty container by wrapping in paper, placing in plastic bag and putting in garbage.

First Aid Instructions:

If poisoning occurs, contact a doctor or Poisons Information Centre. Phone Australia 131126.

First Aid Warnings:
